BannerMate2 Set-Up Instructions

Included Components:
1) carry bag
1) 3-section pole
1) weighted base
1) printed banner

Connect three sections of the pole together and place banner print side down on the floor. Place base into insert indicator on bottom banner rail.

Hook the top banner rail to the top of the pole at the location of the insert sticker.

Insert bottom of the pole into the designated hole in base.

Be sure bottom of the pole is completely inserted in base.

Complete!
You can now position the banner stand in the desired location.
