## Navigator™ Modular Displays

# 20ft Modular Tension Fabric Display System

Navigator™ modular systems are constructed in the United States of top-grade aluminum tube and pillowcase-style dye sub fabric graphics. These displays have been designed as turnkey solutions for 10x20 spaces.

Our seamstresses and fabricators work side-by-side to construct displays that set you apart from the competition. Each frame is hand-fabricated to spec and outfitted with top-of-the-line dye sublimated fabric graphics. Both the fabric graphics and displays are constructed, printed and sewn in the United States by trained artisans.

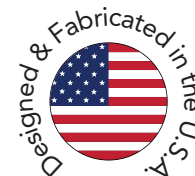

Frames are set-up easily in minutes with the Quick-Connect tube frame system and pillowcase design graphics easily slip over and zip tight for a clean presentation. Lightweight, full-sized displays that will not break the budget! Navigator™, a tremendous value with zero sacrifice to design and quality.

### Benefits

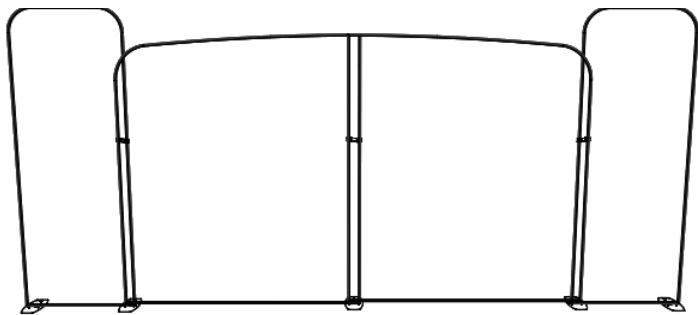

- Hassle-free
- Lightweight aluminum and fabric
- Frame and graphics made in the U.S.
- Packs into a hard case
- Precision frames - no awkward fits or pinched fingers

### Features

- Quick-connect tube frame components
- Modular system clamps - standoffs & connectors, substrate wing panels, signs & headers
- Easy-to-follow instructions and labeled frame sections
- Graphic templates for existing shapes
- Top-of-the-line Dye Sub Graphics
- Expert Sewn Pillow Case Graphics
- Heavy-duty zippers
- Lights available
- Durable hard case
- Everything you need for a 10x20 space

## Navigator™ MDS-001

### MDS-001

Display Size: 215.25" x 92"

Components: NC-001 Qty. 2  
NC-004 Qty. 2

Shown with optional stand-off substrate graphics

## Navigator™ MDS-002

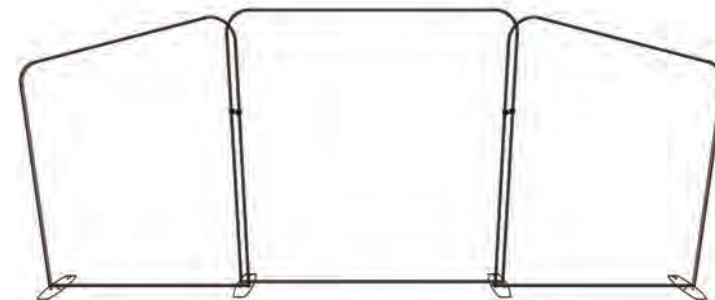

### MDS-002

Display Size: 231.5" x 88"

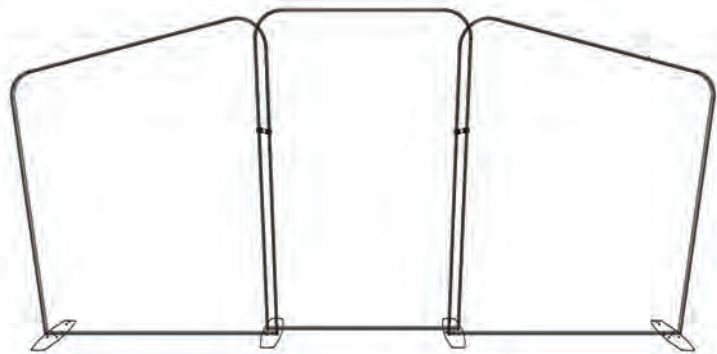

Components: NC-003 Qty. 1  
NC-005 Qty. 2

Shown with optional stand-off substrate graphics & lights

## Navigator™ MDS-003

### **MDS-003**

Display Size: 195.5" x 88"

Components: NC-002 Qty. 1  
NC-005 Qty. 2

Shown with substrate wing panels & lights

# Navigator™ MDS-004

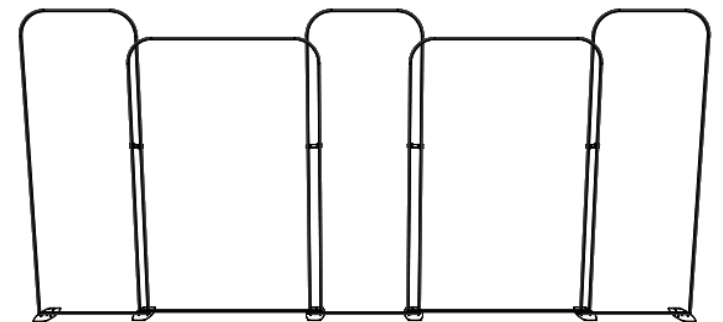

## MDS-004

Display Size: 211" x 92"

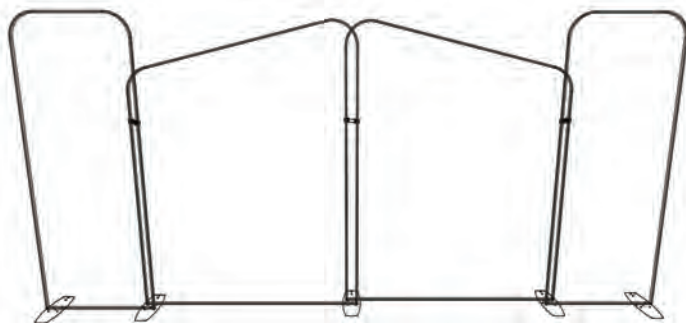

Components: NC-001 Qty. 3  
NC-002 Qty. 2

Shown with optional stand-off substrate graphics & lights

Navigator™ MDS-005

**MDS-005**

Display Size: 203.25" x 92"

Components: NC-001 Qty. 2

NC-005 Qty. 2

Shown with optional stand-off substrate graphics

# Navigator™ MDS-006

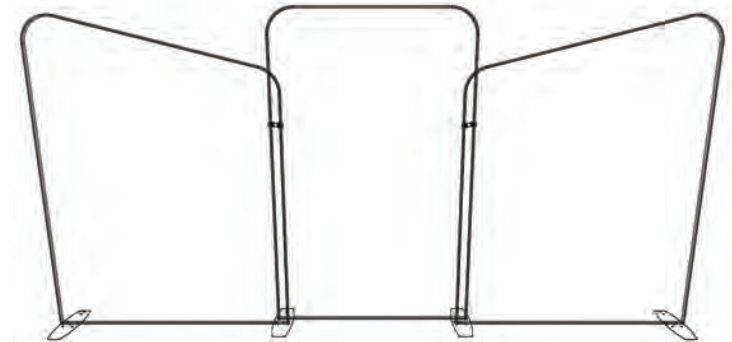

## MDS-006

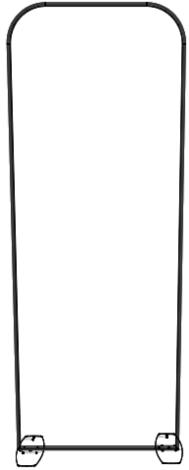

Display Size: 195.5" x 88"

Components: NC-002 Qty. 1  
NC-005 Qty. 2

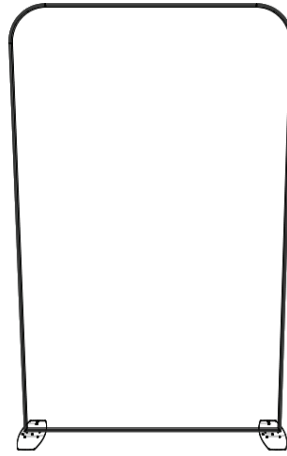

Shown with optional stand-off substrate graphics & lights

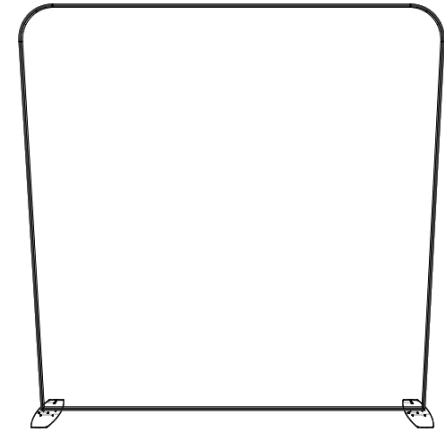

## Navigator™ Components

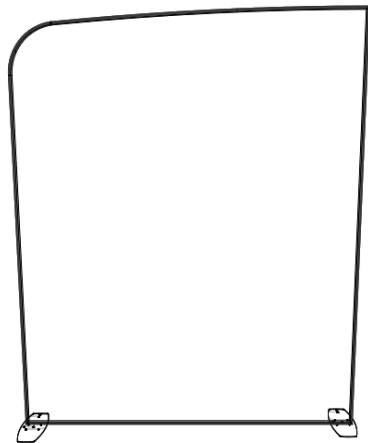

**NC-001**  
Unit Size: 36" x 92"

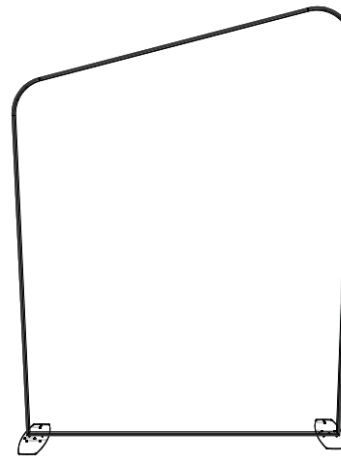

**NC-002**  
Unit Size: 60" x 88"
