1- Frame

Quick Directions

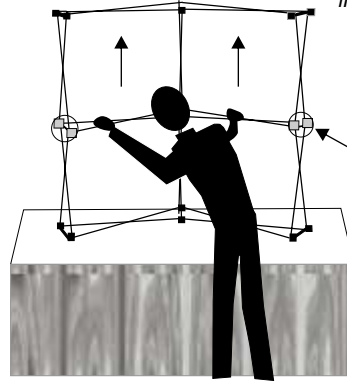

- 1 - Place frame on table with arrows pointing up and expand frame upward - secure frame by locking magnetic bars indicated by Red hubs
- 2 - Install magnetic channel bars, snap on
- 3 - Magnetically attach End Panels then Center Panels

Set Up Instructions

1

Frame Installation

Expand frame upward until **MAGNETIC LOCKING BARS** make contact (indicated by Red Hubs). This will allow you to install the channel bars in step 2.

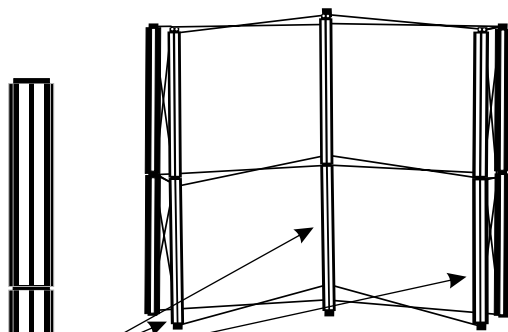

*Magnetic locking bars indicated by Red Hubs

To release the **Magnetic Locking Bars** place one hand on each RED hub and in a quick motion pull apart. Be sure all Magnetic Bars are released before attempting to lower frame.

2

Channel Bar Installation

Snap magnetic channel bar over square block to secure (Do not place over raised area on square block.)

Qty. 10 Magnetic Channel Bars

3

Panel Installation

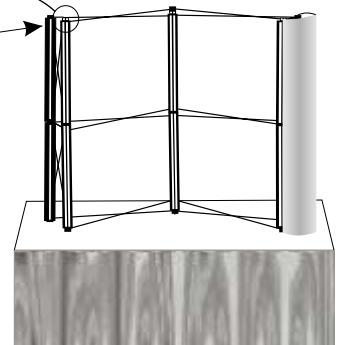

Hub block

Top of panel detail

Place slot at the top of the panel over the black peg located at the top corner of each Hub. Be sure magnetic strips are lined up with strips on frame.

Magnetically align and attach End panels then install center panel

CAUTION

Store all components at room temperature before set up. Make sure to disengage locking bars **before** collapsing frame for storage or damage could occur. Do not roll fabric panels smaller than 10" in diameter.
