

Store Front Flag Outdoor Banner - Instructions

Step 1

Grabbing the square base and the mounting insert, unscrew the bolt from the mounting pole and the washer.

Step 2

Insert the screw end into the square base and slide on the washer and the bolt over the screw and tighten.

Step 3

Starting with the largest pole containing the stretchable string insert the Silver end into the next largest poles close off end and repeat for other poles closed off end into the open end of the last pole.

Step 4

After the pole has been assembled, slide the pole through the graphic's pole insert all the way through.

Step 5

Insert the bottom end of the flag over the mounting pole.

Step 6

Grab the stretchable string and string it through the ring on the pole and tie it down through the grommets on the bottom of the graphic until graphic is pulled tight.
