

1UP Media Kit Instructions

PODIUM COMPONENTS

Frame media hanging bracket

Vesa monitor mount
Bolt pattern shown

1. Set up 1UP pop up according to the set up instructions. To have a better reach for placement of monitor DO NOT install the end cap before the media kit.

2. Attach Vesa monitor mount to the back of monitor using the bolt pattern required for your monitor using the bolts supplied.

3. Install frame media hanging bracket aligning with frame screws. Secure with included wing nut. Hand tighten only.

4. Slide monitor through panel opening. Align the bolt pattern to the frame media hanging bracket.

5. Install end cap to complete your display.

Completed 8ft display
